ABOUT ARMENIA

Being a historically rich and beautifully cozy country located in the South Caucasus Region, Armenia can boast a blend of unique cultural and traditional heritages, on the one hand, and modern innovative approaches and incentives, on the other hand. As a safe and attractive country, it increasingly draws the attention of international students. Yerevan, the capital city, offers a variety of leisure activities for youth as well as a range of cultural monuments and places of significant historical interest to those who are willing to discover it.
“Cultivating ACADEMIC FREEDOM, LOVE, FAIRNESS SOLIDARITY, CREATIVITY, DIGNITY COGNITION AND PERSONAL GROWTH among our students since 1997”
Dear friends,

I am pleased to introduce Russian–Armenian University to you. Young, multicultural and innovation-driven, Russian–Armenian University is located at the intersection of cultures and educational traditions.

At RAU, we embrace our differences and challenge our students to think globally; we strive to excel in combining high-quality education, research and innovation. We believe that the future of our planet should be in the hands of educated and creative people. With that, our goal is to make innovative and creative changes in education.

Committed to the principles of life-long learning, we encourage our students to take every opportunity to broaden their experience and grow both as individuals and professionals. As a result, the vibrant community of RAU alumni and students pursue careers in business and tech, the state administration, NGOs and research centers and take leadership positions worldwide.

Throughout the years, we have successfully built strong cooperation with over 100 universities from all over the world and continue to expand our work. I would like to extend my invitation to students, experts and researchers to join our big academic community at Russian–Armenian University.

Professor Armen Darbinyan
Rector
ABOUT US

Founded in 1997, Russian–Armenian University is a young, rapidly developing and ambitious university with prospective students coming from all over the region to join the diverse RAU family.

RAU offers high-quality education in most fields of modern science alongside with innovative career-focused courses. The main languages of instruction are Russian and Armenian; however, courses in English are on the rise and those conducted in a number of other languages are available per request. We spare no effort in constantly reinventing our work to provide students with up-to-date knowledge through STEM programs.

* Bachelor degree – BA (4 years), Master degree – MA (2 years), Certified specialist programs – CSP (5 years)
EXCELLENCE IN RESEARCH

The university embraces numerous research groups and laboratories, where the academic staff, students and postgraduates conduct experiments and explore new approaches aimed to solve current issues in Natural and Computer Sciences, Humanities and Social Sciences.
BUSINESS SCHOOL

RAU Business School, awarded by EdUniversal Best Business Schools Ranking with 2 Palms of Excellence for its strong regional influence, offers a number of MBA programs, one of which is conducted jointly with Swiss Business School (SBS) providing an SBS diploma to the graduates. Another focus is professional development courses.

CAREER CENTER

The main goal of the Career Center is to establish and ensure continuous and efficient interaction between RAU and employers and graduates. Such a close connection enables further development of all interested parties.

TRAINING CENTER

From education to great ideas. We seek to contribute to a better education environment in our country. The main point of our center is to make innovative and creative changes in education and help people to incubate great ideas.
The Department of International Cooperation strives to globally increase the visibility of RAU’s international activities, an initiative which is largely achieved due to a coherent strategy to promote University’s international relations and competitiveness. We see it as our main purpose to be able to convey value to all parties and to thus contribute to RAU’s educational ranking at an international scale. For the time being RAU cooperates with more than 200 universities and organizations all across the globe.

*not an exhaustive list
EXCHANGE

The Department of International Cooperation promotes and supports exchange programs offering opportunities to both outgoing and incoming students. RAU is a full member of the Bologna Process where one academic year corresponds to 60 ECTS. These are awarded upon successful completion of studies. RAU assists in accommodation and provides other types of assistance, if required.

Application requirements:
• Online application form
• Motivation letter
• Transcript of records
• Completed Learning Agreement
• Proof of language proficiency (English/Russian/Armenian, minimum B2).

Duration of the exchange program:
Fall term:
September – December

Spring term:
February – May
